The World's Most Accurate, Fastest Lie Detector for Screening Employees

EyeDetect®
The eyes don't lie.

EyeDetect: A New Way to "Look" at Lie Detection

EyeDetect is the first **nonintrusive** lie detection technology that accurately detects deception in 30 minutes by analyzing eye and other behaviors.

Highly Accurate
Scientifically validated at 86%.

Fast
Test takes only 30 minutes; results within 5.

Noninvasive
No cables or sensors attached to examinees.

How this Revolutionary Lie Detection Test Works

1 Examinee takes 30-minute true/false test on a computer.

2 Data captured, encrypted and uploaded to a secure server in the cloud.

3 Proprietary algorithms interpret the data and provide a report with the Converus Credibility Score within 5 minutes.

EyeDetect is Ideal for Screening

Job Candidates | Employees*
Law Enforcement | Security Personnel
Refugees | Visa Applicants
Parolees | Probationers

Why Polygraph Examiners Love EyeDetect

Quickly screen large groups

Validate results by following-up with polygraph

* The Employee Polygraph Protection Act (EPPA) prohibits using lie detectors like EyeDetect in private companies. However, federal, state and municipal government employees or contractors may be tested.
