POLYGRAPH EXAMINATIONS

Professional polygraph examinations conducted by examiners who qualified from an American Polygraph Association accredited training institution, who are members of the Southern African Polygraph Federation and undergo annual continuous training seminars to remain up to date with the latest research and developments.

These examinations are conducted using only scientifically validated examination techniques and in accordance with international standards of best practice.

For more information please contact us for a free consultation.

CRIMINAL RECORD AND BACKGROUND VERIFICATIONS

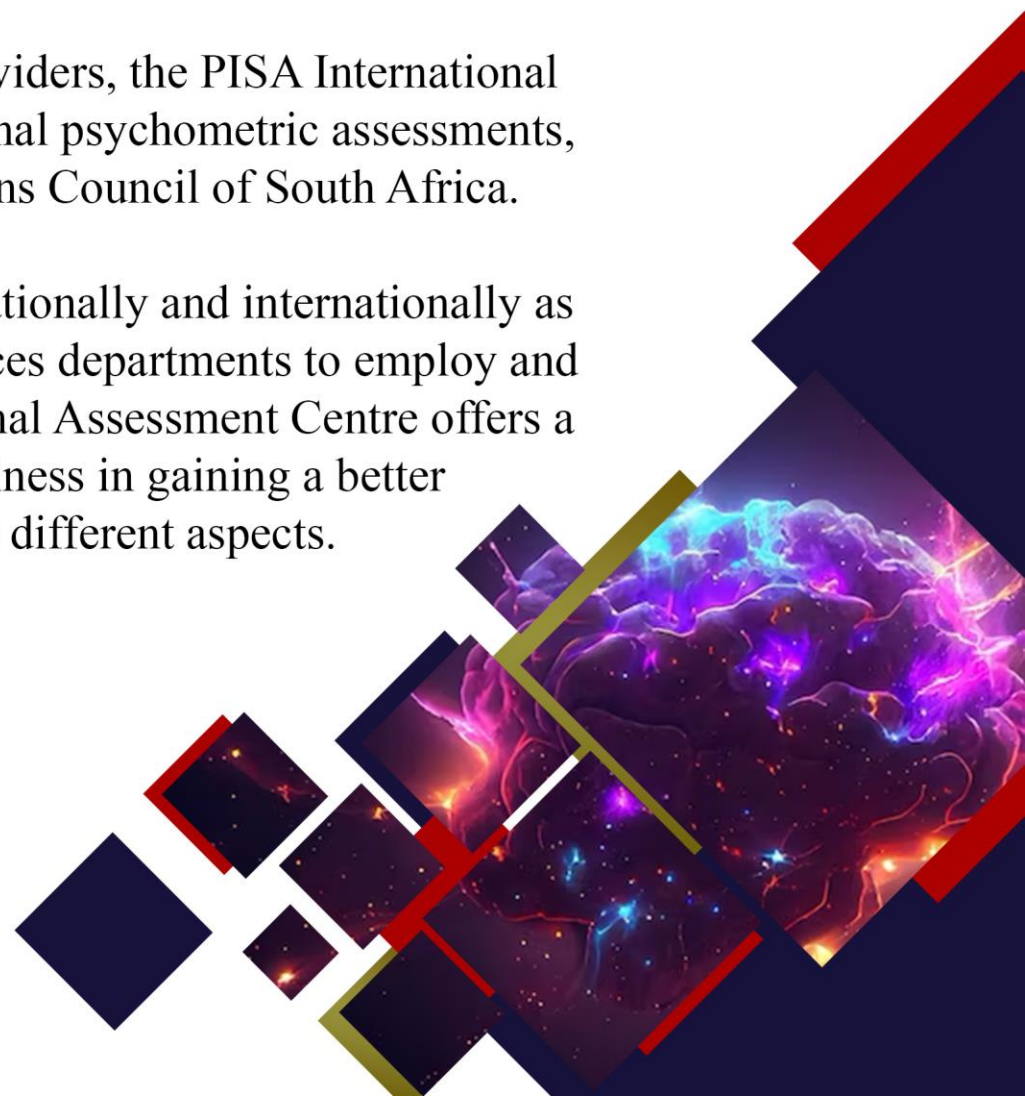

The PISA International Assessment Centre can provide a wide range of personal information verifications, which is an easy to implement and effective tool used to learn more about the current staff members or applicants at a company. These verification checks can be done on an individual basis or can be selected to form part of a custom pre-employment screening package. A proper background verification is the most basic and least complex means of vetting an applicant to ensure that they were honest on various facets of their application. These verifications can provide vital information needed by companies before they commit to hiring an employee.

For a full list of available background vetting products and services, please do not hesitate to contact the office for a free consultation or visit the company website.

PSYCHOMETRIC ASSESSMENTS

As part of an amalgamation of professional service providers, the PISA International Assessment Centre is able to offer a variety of professional psychometric assessments, all classified and registered with the Health Professions Council of South Africa.

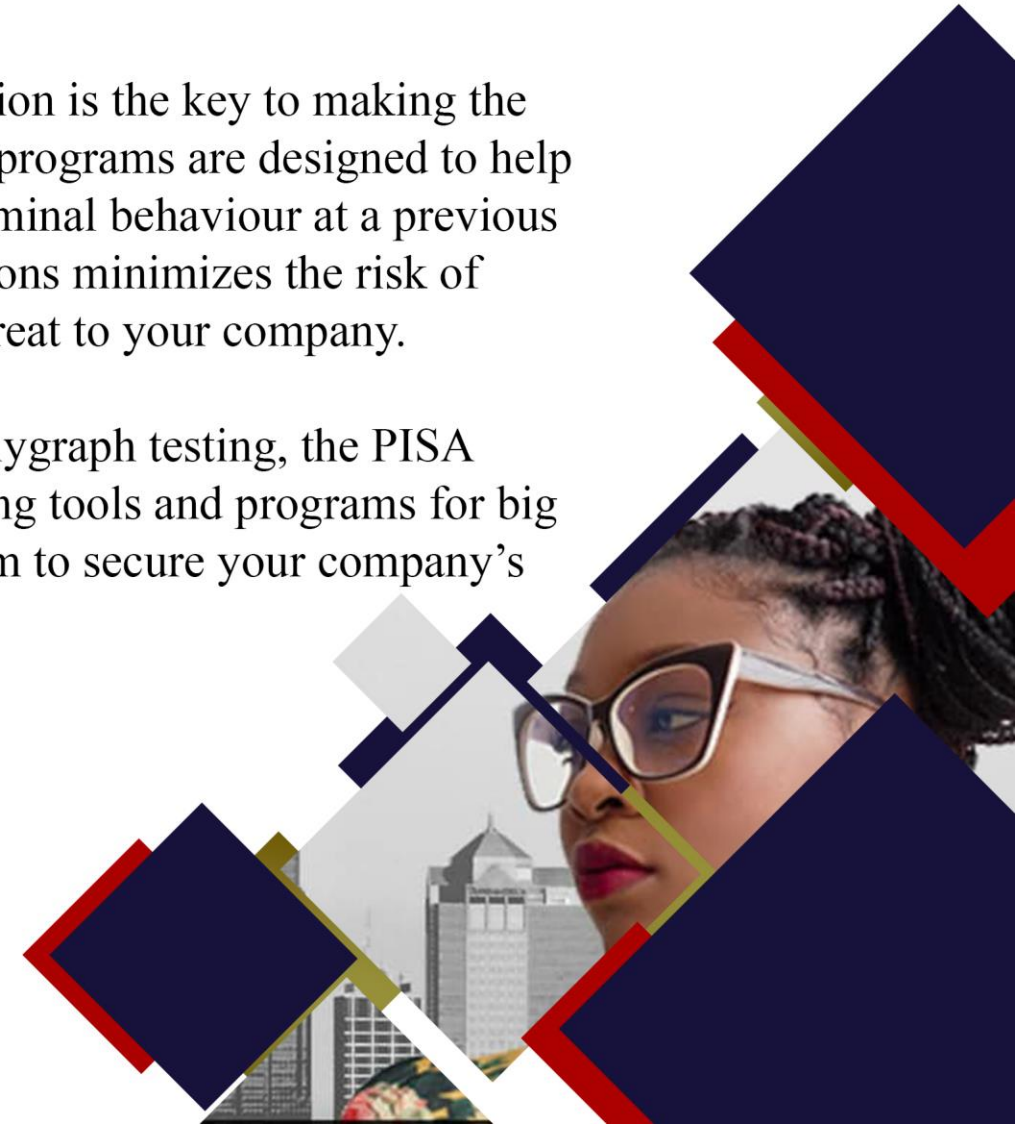

Psychometric assessments has gained popularity both nationally and internationally as one of the most effective tools utilized by human resources departments to employ and aid the development of employees. The PISA International Assessment Centre offers a variety of psychometric tests that can assist a business in gaining a better understanding of the employees on multiple different aspects.

PRE-EMPLOYMENT APPLICANT SCREENING

Do you know who you are really employing? Information is the key to making the right decisions, and the PISA pre-employment screening programs are designed to help you get all the right information. From drug abuse to criminal behaviour at a previous place of work, pre-employment screening examinations minimizes the risk of employing persons with a history that poses a threat to your company.

From criminal record checks to pre-employment polygraph testing, the PISA International Assessment Centre has a variety of screening tools and programs for big and small businesses to help you create the perfect team to secure your company's success.
